KC's Plan Big Picnic August 25

Leaders Predict Biggest Turnout In Seven Years

The Cameron Knights of Columbus are planning an all-day public picnic Sunday, August 25 at K of C Hall, according to Joe Humprik, general chairman.

Charlie Burke, publicity chairman, said the seventh annual picnic-dance will begin 11:30 a.m. August 25 with a dinner served by the KC's.

Highlights of the day's program include numerous games and a dance in K of C Hall starting at 8:30 p.m., Burke said.

Humprik pointed out that the Vrazel Polka Playboys will provide music.

Two Dinner Items

The dinner menu will include barbecued chicken and homemade country sausage, Humprik continued.

"There will be plenty to eat for everyone for only \$1 a plate," he said.

Burke said that the lodge expects the largest turnout for the day-long festivities.

Prizes will also be given away at the afternoon program, he pointed out.

Supper will be served after the afternoon program at 4:30 p.m., Humprik said.

Members Working

Knights of Columbus members have been working on the annual project for several weeks, Burke said. The event in past years has been one of the leading summer attractions in Cameron, he continued.

Activities during the afternoon will include miniature golf and bowling. The dance will begin promptly at 8:30 p.m.

"We invite everyone in Milam County to come out for a grand time. It will be a big family event," Humprik concluded.

Vo-Ag Teacher Outlines Plans For YHS Pupils

Pat Kelley, YHS vocational agriculture teacher, Thursday night presented the school board an outline of his teaching objectives in the 1957-58 vocational agriculture year.

According to school board members, Kelley was under fire last year due to criticism of his policies in teaching approaches in vocational agriculture at Yoe High School.

A difference developed between Kelley's practical approach to the subject and demands from some quarters for greater emphasis on stock showmanship, board members said.

In his statement of objectives, Kelley said he does not intend to specialize in any certain vocational agriculture field.

The outline included discussions on phases of sub-courses in three agriculture courses. Vocational Agriculture I, II, and III.

"I am going to approach subjects from a practical standpoint," Kelley wrote.

He listed such subjects as improvement of livestock through better feeding, breeding and management; improved methods of control and prevention of livestock parasites and insects; improvement of crops through better seed, fertilizer, cultivation, insect control harvesting and marketing, maintenance and repair of farm building, equipment and machinery.

He wrote that leadership will be taught through the Future Farmer organization.

Kelley noted that he would boost a supervised farming program, productive, improvement and supplementary projects designed to give the students a well-rounded background on farm management work.

PONY LEAGUE CHAMPS — The Rotary Cats give out with the victory smile for The Herald camera after winning the first Pony League Baseball championship at the end of July. Team members are: (front row from left) Joe Harber, Douglas Parker, Carroll Fikes, Bobby Griswold, James Anderle and

Charles Staley. Back row from left are Manager Pete Miller, Robert Mann, Pat Dillon, Assistant Manager Raymond Tepera, James Edwards, Marcel Flores and Ronnie Edwards. Unavailable for the photograph were Alton Krouch and Assistant Manager Kikker Swift.

Watershed Dams Up Sub-Surface Flow, Group Says

Directors of the San Gabriel River project this week emphasized the increased underground water supply where flood control districts were operating.

They said this advantage supplemented the better-known advantage of flood prevention on the main system and tributaries throughout an established watershed.

Directors Touring Area

The San Gabriel district leaders are bringing information to voters in community meetings in Milam, Burnet and Williamson Counties where a vote August 24 will decide the fate of the proposed \$150,000 watershed.

The group points out that it is dry in this area at present with most creeks dry and only the San Gabriel still running.

The river is still running, they say, because springs feeding into it were recharged by heavy spring rains.

But, they emphasize, a system of 50 small dams throughout the watershed would have slowed down more water which would have fed into underground veins.

"This is one of the great advantages of a flood prevention project," one director said.

The group has been meeting with voters in community meetings during the past two weeks.

Dams Stay Floods

They go on to say that small dams don't hold water back permanently. But the dams are engineered to hold back temporarily the biggest rain, then gradually release the rush of water over a period of days.

Two votes will be held if the project is approved. The first August 24 will consider approval of water district and authorization of \$10,000 in preliminary bonds.

A second election would consider approving the remaining \$140,000, total cost of the multi-million dollar project, they said.

Survey To Examine Polio Case Needs

A countywide survey to discover the current rehabilitation needs of all post-polio patients will be conducted this month by the Milam County Chapter of the National Foundation for Infantile Paralysis, Jack W. Tumlinson, chapter chairman, announced today.

The local survey is part of a nationwide project by the National Foundation to compile a roster of polio cases of all ages and degree of disability, regardless of date of onset. The canvass here is to be completed by September 1.

"Modern medicine has made impressive strides in developing new rehabilitation techniques in recent years," Tumlinson said. "Pilot surveys already taken show that there are thousands of polio-handicapped in the United States who have not yet had an opportunity for medical evaluation to determine if they might benefit from these new techniques."

"Some of the techniques employed today for those disabled by polio and other causes were unknown or unused as recently as five years ago."

"The March of Dimes organization, having scored a tremendous victory in its war on polio, does not now propose to walk off

and leave the wounded behind, so long as help for them is possible. We wish to find everyone who has had polio, whether paralytic or non-paralytic, Tumlinson said.

Tumlinson said that the roster was to be made in close cooperation with the Milam County Medical Society and member physicians. The Department of Public Welfare, Office of Vocational Rehabilitation, State Crippled Children's Service and county school systems also will cooperate.

Information sought for each patient includes whether he is employed or attends school, if he can climb stairs and dress himself, whether he receives regular treatment and if he uses a respirator aid.

Tumlinson asked that all persons who have ever had polio—whether disabled or not—send their names and addresses direct to Milam County Chapter, N.F.I.P., P.O. Box 5, Cameron, Texas.

Jaycees Hit Working Stage On Pep Parade

Cameron Jaycees Monday night went into working stages of preparing for the Beat Brenham parade September 19 and the train ride to the game September 20.

Jaycee President Don Humble called for increased efforts to bring in musical or marching aggregations from nearby colleges and military installations to participate in the downtown parade.

The Junior Chamber two weeks ago decided to sponsor the Beat Brenham parade after confirmation of the Brenham train this spring.

They are also planning a pep rally bonfire with football team, cheering section and band from Yoe High School following the parade. Site of the bonfire has not been announced.

Humble also called for efforts to locate a building for the Jaycee Santa Pals project for Christmas. The group plans to add to the project started shortly before Christmas last year.

FB Leaders Plan Temple Meeting

Eleven Milam County Farm Bureau leaders will attend a meeting Monday in Temple to plan for policy development activity, according to O. G. Tumlinson, president of the Milam County Farm Bureau.

Planning to attend are: Tumlinson; Robert Jungmann, Rt. 2 Buckholts; first vice-president, Mrs. Bernice Bailey, Rt. 3, Rockdale; second vice-president, Mrs. S. W. McClaren, Jr. and Mrs. Charles Bailey, Cameron; R. P. Lehman, Ed Page and K. D. Griffin, Buckholts; J. D. Woolver-

ton, Rockdale; and Oscar Hientze and D. M. Phillips, Thorndale.

All are members of the policy development committee.

Seek Participation

Purpose of the district meeting, one of 17 in the state, is to lay plans for maximum participation of FB membership in the Farm Bureau policy making process, Tumlinson said.

The move starts with the annual county convention, followed later in the year by the state and national conventions.

Among topics to be discussed at district are the state rural road building program, livestock disease control, increasing truck load limit law, rural electrification bill, passed by the 55th legislature, agriculture research and education and expansion of agricultural markets, Tumlinson continued.

Set County Policy

At the county convention, Farm Bureau members will adopt county policies and make recommendations to the Texas Farm Bureau on state and national issues.

"If farmers don't take the initiative in solving their own problems, someone else is going to try to solve their problems for them and not always to their advantage," Tumlinson said.

S. W. McClaren, Jr., District 8 Farm Bureau director, will be in charge of the meeting Monday.

Maize Harvest Starts Strong In Milam Area

3 Camerons Named To Posts In Rail Dispute

Three Cameron men have been named on a fund committee in a move to fight possible removal of the TN&O's Cameron-Giddings line.

The railroad over a month ago filed a request with the Interstate Commerce Commission for permission to abandon the 50-mile line due to losses listed by TN&O averaging more than \$100,000 a year.

The three Cameron delegates are: P. W. Davis, Drayton McLane and County Judge Charles C. Smith Jr.

Chamber President Henry Siebman, Chamber Vice-president Leo Fuchs and Judge Smith represented Cameron in the meeting at Giddings last week.

Other Milam Countians named to the fund and evidence committee are W. T. Scurlock, W. T. Pearson and Sam Peebles, all of Rockdale.

Head of the committee is Monroe Hannes, president of the Giddings First National Bank.

E. A. Camp, Rockdale attorney, presided at the meeting.

R. de Waal, general manager of TN&O, pointed out in a July 18 Herald story that the line had been operated at a substantial loss for several years.

He said that anticipated economic growth in the area had not developed and the request was made in Washington July 5. He added that the railroad could not maintain the line without increased traffic.

The committee will meet tomorrow night at Giddings to discuss plans for fighting the proposed line abandonment. The group planned to employ an attorney to present their case before the ICC.

Draft Board Views Reservists Files

The Milam County Draft Board met Saturday to review 75 regular and stand-by reserve files, according to board officials.

Board members voted to add two additional men, yet unnamed, to the reserve list for board membership.

They said recommendations must come through veterans or organizations and county officials.

Necessary recommendations are being sought, board officials said.

In other board action, plans were discussed by the board to meet with high school boys over 17 to explain the selective service system.

Dates are being set with all county high schools for the meeting, officials noted.

3 YHS Teachers Hired

School Budget Hearing Set

The city school board has called a budget hearing for the 1957-58 fiscal year for 7:30 p.m. Tuesday at the superintendent's office, Ben Milam School.

Meeting Thursday night in a regular monthly session, the board also hired three new Yoe High School faculty members.

New teachers are: Billy Joe Michalka, mathematics teacher; Mrs. Monroe Wiederkehr, commercial subjects; and Monroe Wiederkehr, her husband, industrial arts.

Board members voted unanimously to accept the trio of new teachers. A fourth position in English is still open with one application being considered by the board.

Budget Review
The annual budget hearing will include a review of school tax in-

2 Marak Navymen Meet In Hawaii

It's a long way to go to Hawaii to meet a friend, but that's the case of two youths from Marak community.

Billy Jistel, with the Navy at Barbers Point, Hawaii, met Frank John Kostha, serving aboard the USS Hornet, renewing their friendship that stretched back to school days in Milam County.

Of course the boys had not been in the Navy too long, but the meeting last month meant much to them, it goes without saying.

Young Jistel left for Cubic Point, Philippines Tuesday where he will serve until January. Young Kostha is on his way to Corpus Christi, Texas, for duty at NAS.

College President Addresses Church On Economic Needs

Logan J. Fox, president of Ibaraki Christian College, Japan, addressed the congregation of the Cameron Church of Christ on the need for funds to improve his college facilities.

He stopped through Cameron on a tour of the United States, seeking a half million dollars in funds to build facilities for the church-sponsored school.

The liberal arts junior college founded 10 years ago by Fox and other missionaries, is 90 miles northeast of Tokyo.

He told The Herald he hopes to make the college a four-year school in the future to meet the education demands of the area. Ibaraki is the center of a Japanese Atomic development sector, slated to increase greatly in population in the next few years.

Fox, the son of a missionary to Japan, went to Japan 10 years ago after graduating from the University of Chicago. He has completed his master's and is working on his doctorate between fund drives and administrative work as president of the school.

He said the 616-student co-educational body potentially could grow to 5,000. Biggest need for the school now, he said, is dormitories.

Moore said that cotton was favored with cool, cloudy weather last week, but cotton picking won't start strong until late August or early September.

He said the average yield would probably be one bale to three acres.

Ed Lierman brought in the first bale of cotton ginned in Cameron. It brought \$125 and weighed 525 pounds. Matyastik Gin reported the first bale.

4-H Contest Record Due In August 31

Completion of all 4-H records is due by the end of August, according to Bennie Whiteside, assistant county agent.

They must be turned in, he said, in time for judging by September 1.

Buyers Purchase, Store 13 Million Pounds Thus Far

The agriculture scene hit a fast stride this week as about 13 million pounds of maize was purchased or stored in Cameron.

County Agent J. D. Moore said that continued hot, dry weather has lowered moisture to conditions safe for storage of the grain sorghum.

Officials at Milam Grain Co. said Tuesday night that about 90 cars of milo had been purchased or stored while at the Wilson Elevator. Hassel Wilson reported four million pounds purchased or stored since opening his operation.

Wilson's plant started two weeks late, he said.

Milam Grain officials said about nine million pounds had been taken in since the maize harvest started.

Crop Records Seen

Elsewhere in Milam County and Central Texas, apparent maize crop records were in the making as trucks lined the roadways at storage facilities everywhere.

Agriculture officials in Williamson County were predicting a record crop.

In Milam County milo storage officials said that the crop was less than half completed. It would be two more weeks before the main part of the crop is in.

Moore estimates that 60 percent of the grain will go into storage because the loan rate is higher than the local market.

He said the average yield should be about 2,000 pounds per acre with some production reaching 4,000 pounds. Loan price is \$1.75 per 100 while the market price here is about \$1.55, Moore told The Herald.

50,000 Acres In Maize

He said the county crop should run about 50,000 acres.

Wilson pointed out that the Wilson Corn shelling plant is running at a good pace with corn bringing about \$1 a bushel here and around Central Texas.

Moore said that cotton was favored with cool, cloudy weather last week, but cotton picking won't start strong until late August or early September.

He said the average yield would probably be one bale to three acres.

Ed Lierman brought in the first bale of cotton ginned in Cameron. It brought \$125 and weighed 525 pounds. Matyastik Gin reported the first bale.

Cammers Fly To Hawaii

Here's a fourth in a series of releases exclusive to The Herald from Mr. and Mrs. Jack Cammer who are winding up a five-week tour of Japan and a visit to the Hawaiian Islands on the return trip.

HONOLULU, Hawaii—August 9—We are now in beautiful Hawaii after a wonderful visit with our daughter in Japan and a tour of Japanese main island.

We're sending you an enclosure of some of the sights and scenes we're glimpsing as Cameron and Milam County residents read this dispatch.

The enclosure shows seven color shots of native settings in the Hawaiian Islands. They do not overemphasize the beauty of this vacationers' paradise.

Harbor Impressive
Honolulu's harbor is a wonderful sight whether you arrive by plane or ship. We flew to Hawaii from Tokyo.

The native leis made of tropical flowers take in almost all the colors of the rainbow.

The picture of Waikiki Beach truly depicts its splendor with all the famous hotels. Off the beach surf board riders mount the crest of incoming tides, displaying their skill at the ancient native sport.

Tours Varied
We really don't have enough time to write because of all the various tours of the Islands. Thought the picture enclosure would help.

We can verify the claims of Hawaiian boosters who claim such great things for the Hawaiian landscape. "Malihini" (newcomers) such as we are impressed by such sights as the view of Paia and typical island sunset.

The food and charm of the islands are just about everything the travel posters claim. But we'll be in Cameron soon.

ton, Rockdale; and Oscar Hientze and D. M. Phillips, Thorndale.

All are members of the policy development committee.

Purpose of the district meeting, one of 17 in the state, is to lay plans for maximum participation of FB membership in the Farm Bureau policy making process, Tumlinson said.

The move starts with the annual county convention, followed later in the year by the state and national conventions.

Among topics to be discussed at district are the state rural road building program, livestock disease control, increasing truck load limit law, rural electrification bill, passed by the 55th legislature, agriculture research and education and expansion of agricultural markets, Tumlinson continued.

At the county convention, Farm Bureau members will adopt county policies and make recommendations to the Texas Farm Bureau on state and national issues.

"If farmers don't take the initiative in solving their own problems, someone else is going to try to solve their problems for them and not always to their advantage," Tumlinson said.

S. W. McClaren, Jr., District 8 Farm Bureau director, will be in charge of the meeting Monday.

The city school board has called a budget hearing for the 1957-58 fiscal year for 7:30 p.m. Tuesday at the superintendent's office, Ben Milam School.

Meeting Thursday night in a regular monthly session, the board also hired three new Yoe High School faculty members.

New teachers are: Billy Joe Michalka, mathematics teacher; Mrs. Monroe Wiederkehr, commercial subjects; and Monroe Wiederkehr, her husband, industrial arts.

Board members voted unanimously to accept the trio of new teachers. A fourth position in English is still open with one application being considered by the board.

Budget Review
The annual budget hearing will include a review of school tax in-

come and a breakdown on various segments of the school economy, according to Supt. Wiley Loughmiller.

In other action the board sold the Yarrington Community school to the newly organized Yarrington Community Association for \$1 and other valuable consideration.

The Yarrington district recently was taken into the Cameron Independent School District.

Board Members reported that three rooms of the high school building have slab flooring completed prior to installation of finished flooring. Two other rooms will get new flooring.

Work on the YHS roof and campus sidewalks also continues, they said.

Christmas Schedule Set
The board voted to set the Christmas vacation for public schools

from December 20 through January 1. School begins September 3.

Bid for three band instruments went to Yoltze Music Co., Waco, at a low bid of \$775.70. Band Director Francis Cox said the bid was for a new baritone, an alto sax and a bassoon.

Sanitary Dairy, Bryan, was low bidder for the school milk supply for the year.

And the board accepted a bid of \$67.85 for a water pump sold by the school.

In the final action the board heard a report that old material had been removed from the Old Milam Institute and city workmen will clear land of bricks and trees way for work on a big

monument.

School Board Elects M. Cryer
Vocational Agriculture Teacher

By Mrs. Florence Spiegel

At a recent meeting of the Sharp high school Murriss Cryer was elected vocational agriculture teacher at Sharp for the past 13 years, resigned recently to accept a like position in the Trinity school.

Mr. and Mrs. Haden Willis of Corpus Christi are spending a vacation visit with her parents, Mr. and Mrs. R. F. Linhorst.

The Rev. Ernest Demaline and children Susan, Mark and Peter of Richardson were recent visitors in Sharp.

Larry Tate of Victoria is visiting his uncle and aunt, Mr. and Mrs. Marvin Petty.

Dan Davis, who is attending the Big State Baseball Camp at Meridian, played on the Big State-Fort Worth Little League game at Meridian Sunday. Attending the game from Sharp were Dan's parents, Mr. and Mrs. Nelson Davis, and Mr. and Mrs. Henry Abel and son, Henry, Jr., and Royce Lawrence.

Rev. F. E. York is the new pastor of the Lilac Baptist church. He will hold service, both morning and night, every Sunday at the church.

Lou White of Rockdale was a recent guest of Sue Petty.

Mrs. Clay Dark and Clay and Richard are here from Amarillo to visit Mrs. Dark's parents, Mr. and Mrs. Hicks Garner.

Mr. and Mrs. Paul Graves made a business trip to Taylor on Thursday.

Ruddy Royall is here from Abilene to visit his grandparents, Mr. and Mrs. Ed Fowler.

Mr. and Mrs. Jessie Ray and two children of Cameron visited in the John Sippel home on Wednesday.

Mrs. Margaret Caffey was here from Houston Friday to visit with the Ralph Caffey families.

(deferred from last week)

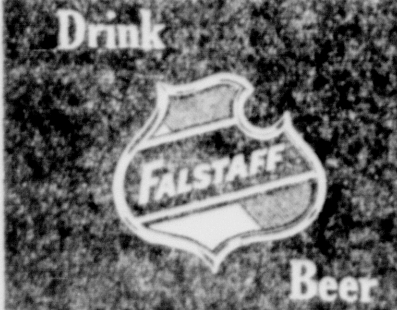

Mr. and Mrs. James Bailey and family and Willard Zanders shopped in Waco and Hillsborough on Wednesday.

The Presbyterian Ladies Auxiliary met at the church Sunday night. Mrs. L. A. Petty led the program 'United Nations and US Others on the program were Mrs. George Gamble, Mrs. W. E. Brown, Elmer Rinn and E. H. Schroeder.

Refreshments were served after the meeting.

The Rev. and Mrs. Earl Sluder and small daughter Rebecca Sue and Mrs. Mattie Sluder were here from Austin Saturday to visit with the Jack Daniel family. They also visited in the John Sippel home.

Mr. and Mrs. Paul Green and children of Austin were recent visitors of Mrs. Greens mother.

A Tribute . . .

To Our Florists!

Flowers, they say, have a message all their own. If you would understand what they are saying, visit your favorite florist today. He is a man who lives with plants and blossoms. As tenderly as a mother cuddles her child, he nurtures wondrous seeds and slips and brings forth their exquisite beauty. Winter time and Summer, he works long, patient hours. His green thumb potters in the good earth, his modern hothouse is his fragrance laboratory. Dahlias, daisies and daffodils love his tender touch and respond as if to please him. He is a scientist, a specialist, a man whose products can carry any message. We salute his ingenuity and say, "Bouquets to you, Mr. Florist!"

Sandwiches Starring
At August Mealtime

By Julia Hunter

August is Sandwich Month. As popular as sandwiches are the year around, it seems in order to give them a month of special recognition. And what better month than August when weather makes sandwiches an ideal meal!

Sandwiches star at any meal, at any time of day, at any kind of get-together. Just fit the sandwich to the occasion. Ever try sandwiches for breakfast? A good breakfast dish for anybody, they fit especially the person who doesn't have time for breakfast or who "gets tired of the same old thing." For one of the best of breakfast sandwiches put thin crisp bacon between slices of cinnamon toast.

To give family or guests a treat, serve breakfast sandwiches of thin broiled ham between piping hot biscuits. If you're hearty appetites to satisfy, make the biscuits in plump three-inch size. If it's a breakfast on the party side, made the biscuits in tiny one-inch size.

For luncheon and supper menus sandwiches need the makings of a main dish. Bacon and tomato is an all-time favorite and hard to

Alfalfa Crop Versatile

Alfalfa is described by Extension Agronomist Ted Trew as a "tri-purpose" crop. It will provide income from hay and pasture as well as seed to say nothing of its recognized value as a soil improving crop.

Better in Texas

Wool and mohair processing plants, like many other industries, can expect more economic production if located in Texas.

Law Allows Exemptions

Egg producers who sell from their own flocks and claim no grade are exempt from the licensing requirement of the new Texas Egg Law which goes into effect August 22.

improve upon, but add a new and delicious flavor by topping the tomato slices with thin slices of avocado.

Nothing will ever outrank hamburgers and hot dogs in their pure form, but a variation can make a hit. Season hamburger meat as usual and shape the mount ordinarily used for a hamburger a round a stick of sour or dill pickle and a stick of American cheese. Shape to fit a hot dog roll. Broil the meat three inches from a full gas flame to the desired degree of doneness.

Meanwhile, heat split hot dog rolls. When meat is done, pop in to the hot rolls and serve at once. Have mustard handy.

RECIPE OF THE WEEK

by Mrs. Annis H. Dow, Borden's Okla.: Combine 8 ounces softened cream cheese, 3 tablespoons chopped onion, 3 tablespoons chopped green pepper, 3 tablespoons chili sauce, two-thirds cup chopped walnuts or pecans, 3 finely chopped hard-cooked eggs, 1/4 teaspoon salt and a dash of pepper. Mix thoroughly. Spread 6 slices enriched sandwich bread with filling. Spread 6 slices enriched sandwich bread with butter or margarine and place over filling to close sandwich. Trim crusts, if desired. Cut diagonally into four triangles. Garnish with ripe olives and tomato wedges on lettuce. Serve with potato chips. Makes 6 sandwiches.

In Jones Prairie

Rev. Benny Goodwin Will Speak
To Little River Cemetery Assoc.

By Mrs. S. S. Hickman

According to Bill Black president of the Little River cemetery association of Jones Prairie the Rev. Benny Goodwin of Tyler will bring the morning message when the association convenes Sunday, September 1.

Rev. Goodwin was the founder and organized the associations more than 35 years ago. The meeting is held each year on the Sunday preceding Labor Day.

Mr. and Mrs. Sam Bailey of Fort Worth formerly of Jones Prairie, were visiting here one day last week.

Mr. and Mrs. Marvin Hickman were guests of her mother, Mrs. M. P. Carroll of Houston, over the weekend.

Mrs. J. A. McKinney and Miss Ethel McKinney were guests of Rev. and Mrs. W. D. Boswell of Waco, Wednesday and Thursday.

Phyllis and Bubba Pond of Houston are visiting their grandparents, Mr. and Mrs. Jack Pond. Mrs. J. A. Jamison spent a few days with her daughter and family, Mr. and Mrs. Bailey Jones and Jamie of Stedebud.

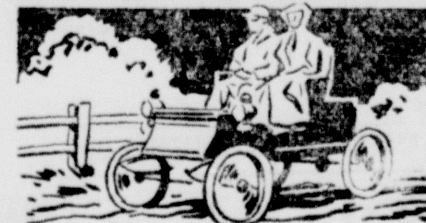

Mrs. Grady Stidham of Cameron was a recent guest of Mr. and Mrs. T. B. Stidham.

Mr. and Mrs. E. B. Yager, Mrs. J. A. Jamison, Mrs. J. D. Martin, Mrs. J. A. McKinney, Mrs. S. S. Hickman, and Miss Ethel McKinney attended the Milam County Workers Conference at the First Baptist church in Burlington Monday evening.

Introducing
Trina Allyne Kilman seven pound daughter born July 27 to Mr. and Mrs. Bob Kilman of Fort Worth.
Grandparents are Mr. and Mrs. Oval Linhorst and Mr. and Mrs.

Robert Kilman, all of Fort Worth
Great-grandparents are Mr. and Mrs. R. F. Linhorst of Sharp.
Great-great-grandparents are Mrs. W. D. West of Sharp and Mrs. Lucy Caffey of Rockdale.

CARD OF THANKS

We take this means of expressing our sincere appreciation to our neighbors and friends and relatives for the many acts of kindness and expressions of sympathy extended us at the death of our beloved mother and grandma, Anna Ohlenbusch.

To those who sent flowers, food, cards and messages of condolence we express our appreciation. Especially do we want to thank Rev. Gerald Cobb and Rev. Robert Kalkbrenner and the choir, Green Funeral Home, and Dr. E. O. Smith.

We will always be grateful. May God bless each of you is our prayer.

The family of
Mrs. Anna Ohlenbusch.

Kunz To Graduate
Thursday At NTSC

DENTON — Paul Anton Kunz, of Cameron, is one of 380 seniors who have applied for bachelor's degrees to be awarded in summer commencement exercises at North Texas State College August 22.

Graduation ceremonies are scheduled at 8 p.m. in Fouts Field.

Kunz, the son of Mr. and Mrs. August A. Kunz, 1299 W. Main, is a candidate for the bachelor of science degree in secondary education.

Biggest Sellers...because they're Biggest Savers!

More truck owners know that Chevrolet . . . with its wide range of models . . . offers the right capacity and power to stay and save on any job!

Durable Chevrolet Task-Force trucks are doing more jobs—and getting them done more quickly

and efficiently than any other truck. And because of their brawny build, big-load capacities, and many modern features, Chevrolets save time and money around the clock!

Take a look at Chevrolet's hard-working pickups. You can take your pick of big, roomy bodies with hardwood floors, skidstrips,

and grain-tight tailgates.

And for the right power, Chevrolet offers a lineup of super-efficient engines from 140 all the way up to 210 h.p.

From a wide range of models—perky pickups, middleweights, tough tandems—let your Chevrolet dealer help you select the right truck for your job. See him soon!

Milano News

Summer Vacations Bring Many Visitors To Milano This Week

By Mrs. Dan Robinson
Mrs. Ross McCollum has returned to her home in Houston after a week's visit with relatives here. She was accompanied home by her mother-in-law, Mrs. W. W. McCollum, who will visit in Houston and Dickinson for several days.

Mr. and Mrs. Howard Manly and granddaughter, Debbie Ellis were guests here Sunday in the home of her mother, Mrs. Dan Robinson.

Mrs. Ray Miller and daughter, Linda, spent last week in Austin with her mother.

Mrs. Harold Loewe and two children spent last week here with her grandparents, Mr. and Mrs. Asa McGregor while Mr. Loewe was in Dallas on business.

Mrs. E. B. DuBeau died at her home here August 3rd after a prolonged illness. She had been a resident of Milano only a few years but had endeared herself to all that knew her. Funeral services were held at the Milano Baptist church with burial services in Little Rock, Arkansas. She is survived by her husband, E. R. DuBeau, one daughter and one son.

Mrs. G. W. Hilliard was bitten by a copper head snake Tuesday morning while working in her garden.

Mrs. Butler from Gause spent last week here with her sister, Mrs. Mattie Malone.

Mr. and Mrs. Ronald Westbrook are the proud parents of a baby

boy born August 5th. They have named the baby Ronald Lynn.

Mr. and Mrs. C. D. Leonard and sons of Abilene were weekend guests in the home of his parents, Mr. and Mrs. C. B. Leonard. Mrs. O. D. Hairgrove and Mrs. Clara Nell Henson and sons of Fort Worth were Sunday visitors with their parents and grandparents.

Mrs. Denton House Attends Workshop

SAN MARCOS — Mrs. Denton House, Cameron, is among 15 college students enrolled in the Nature Study Workshop, an unusual study and teach class, this term at Southwest Texas State Teachers College.

This workshop is designed to help teachers create in children of public school age an appreciation of science through a better understanding of nature.

The class was organized so that college students enrolled would first study, then practice teach with Girl Scouts for their students. Identification of trees, plants, bird and insect life and recognition of rock formations are among the study subjects. The classes also help the scouts to earn merit badges.

CARD OF THANKS

We wish to express our thanks to the Cameron Fire Department and all of the fine people in Mayfield who in any way helped during the fire in our barn on July 17th. We sincerely appreciate your efforts which helped to keep the fire from spreading to the other buildings on our farm.

Mr. and Mrs. R. C. Gallie, Madras, Oregon.

Health Unit Hires

Additional Nurse; More Funds Needed

Another nurse was hired on July 15th, on a temporary basis. Available money previously appropriated by the Commissioners Court and amounting to \$735.00 for salary and \$180.00 for travel will be used until depleted.

Several organizations have volunteered to give \$525.00 towards the salary of the nurse if the Commissioners Court will provide the rest.

Two patients returned from tuberculosis hospitals against medical advice during July. One is willing to be rehospitalized but the other refused to be rehospitalized.

Communicable diseases reported during July were as follows: Measles, 6, Influenza, 4, Shigellosis, 6, Chickenpox, 3, Strep throat (including scarlet fever) 17.

Regular routing inspections of food and other establishments have been made during the month of July.

A number of schools and school cafeterias have been inspected for the presence of rodents and roaches. Treatment has been applied where needed. The program will continue through August.

The sanitarian was in conference with E. E. Calender, rodent

control division, concerning a rodent control program in some of the cities of the area. Plans are being made for this project in October.

— PM —

Mr. and Mrs. Y. H. Rice and children, Mark and Pamela, from Lubbock visited her parents, Mr. and Mrs. J. L. Slaughter and her sister, Mrs. Jack Reaves last week.

An angry man is Sylvester T. Bly,
Who today was sold a piece of "blue sky."
He'd stepped in a showroom—out of the rain,
Was sold a new car before he could explain!
How he hated the styling—so high and square
And in new features it was really bare.
"I got a real bargain—the buy of my life—
But how do I ever convince my own wife?"

Moral: You're paying for a new car... make sure you get one!

When you buy a new car, put your money on tomorrow—not yesterday. Swept-Wing Dodge actually *obsoletes* other cars in its field. Should you invest in high, boxy styling when Dodge offers the low, low look of tomorrow? Should you invest in outmoded coil springs when Dodge offers new Torsion-Aire Ride? Should you invest in an old-fashioned lever-type transmission when Dodge offers the ease of Push-Button Driving? In other things, too—engines, brakes, interiors—Dodge is years ahead. So put your money on tomorrow. See your Dodge dealer. Join the swing to the Swept-Wing Dodge!

Milam Disease Count

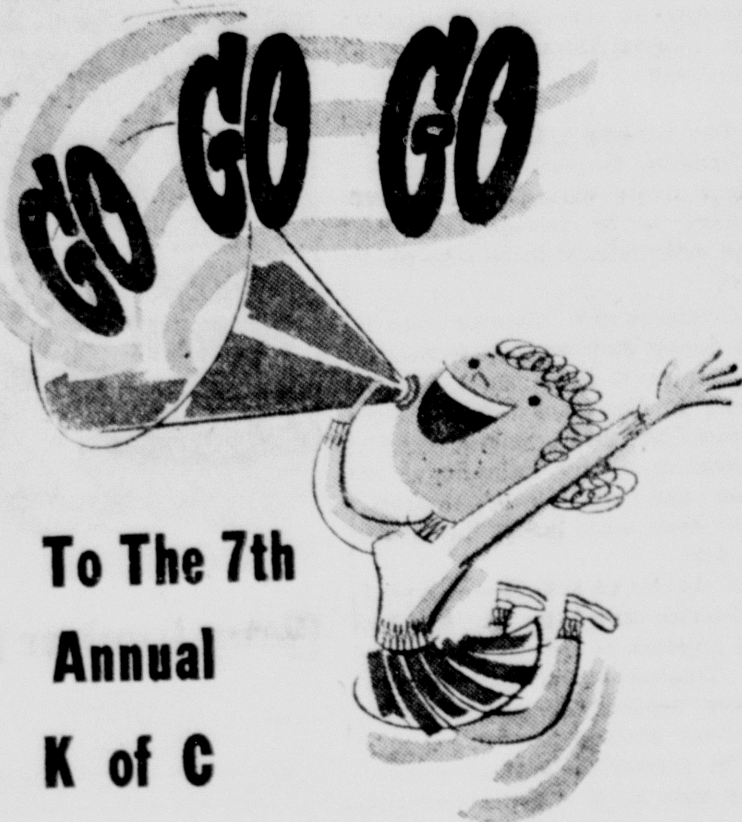

The Milam County Health Unit this week reported three cases of strept throat and one case of measles during the past week.

Two Miscellaneous Showers Honor Miss Marian Fuchs, Bride-Elect

Miss Marian Fuchs of Buckholts, bride-elect of Milton Wright, Jr., was honored with two miscellaneous showers last week.

On Wednesday evening Mrs. Ernest Fuchs, 111, Mrs. Bernard Baca of Temple and Mrs. Bob Persky feted Miss Fuchs with a shower at the American Legion Hall in Rogers.

The table was covered with a pink cloth centered with an arrangement of pink carnations. A white satin ribbon inscribed with "Marian and Milton" completed the table decoration.

Plate favors resembled a boat which was filled with mints. A pink ribbon with the inscription "Happy Sailing" was attached to the boat.

Misses Carol Kristinek of Temple, and Janice Williams served the cake and punch. Miss Elwanda Holland of Cameron registered the guests.

— PM —
Mrs. Brady Hosts
Mrs. Leon Brady entertained Miss Fuchs with a shower at her home on Thursday.

Mrs. Brady decorated the table with a lace cloth over pink linen and centered with pink and white flowers flanked by pink candles and a white satin ribbon inscribed with "Milton and Marian". Alternating at the punch bowl

and assisting in serving were Misses Ruth Matyastik, Mary Jane Vogelsang and Elwanda Holland. Miss Kathryn Svetlik registered the 66 guests.

Others in the house party were Mrs. R. P. Johnson of Temple, Misses Bernice Fischer, Janie Lou Brady and Mary Frances Svetlik.

Hostesses with Mrs. Brady were Mrs. W. H. Lange and Mrs. Anton Svetlik, aunts of the bride-elect.

Special guests were the mothers of the honoree and her fiancé, Mrs. Ernest Fuchs, Jr., and Mrs. Milton Wright, Sr.

Caldwell-Smith Vows Exchanged In California

Miss Betty Smith of Long Beach, California, became the bride of Billy Caldwell at 11 a.m. August 3, in the First Assembly God church at Long Beach.

The Rev. Davis E. Schock performed the wedding ceremony.

For her wedding the bride wore an all white lace dress with a white carnation corsage. She carried a white bible.

Miss Connie Peterson of Seal Beach, California, was maid of honor.

Jack Garrett of the USS Curtiss served as best man.

A reception was held at the home of Miss Connie Peterson. A white tiered cake decorated with bells and roses and punch were served to the guests.

The bride is the daughter of Mr. and Mrs. Melvin T. Smith of Santa Paula, California.

Son of Mr. and Mrs. B. C. Caldwell of Cameron the groom is a 1956 graduate of Yoe High School. He has been serving with the U.S. Navy for 14 months and is now stationed with the USS Curtiss in Long Beach, California.

Following a honeymoon trip to Hollywood the couple will be living at 1365 Temple Street in Long Beach.

Billy Streicher To Wed In Germany

Mr. and Mrs. Walter Streicher of 806 South Austin announce the engagement and approaching marriage of their son SP-3c Billy Streicher to Miss El Freida Ohlig of Germany.

The ceremony will be in Saint Joseph's Catholic Church in Frankfurt, Germany.

WMS Circles Hear Final Reports From '57 Officers Monday

The WMS circles of the First Methodist church held their last meetings for the year Monday morning. Each circle heard final reports from their officers during the business meetings.

The Henderson Circle met in the home of Mrs. W. A. Barnes with Mrs. Winnie Witliff in charge of the program. Mrs. Barnes served sandwich plates and 11 m e punch to the 11 members present.

Mrs. H. L. Slaughter was hostess for the Rawls Circle. Mrs. Slaughter served fruit juice and cookies to the group.

Mr. Walter Sharp led the program for the Robinson Circle when they met in the home of Mrs. Roy Griffith. Nine members enjoyed refreshments of cold drinks and cookies during the social hour.

Stork Shower Honors Mrs. Donald Edmonds

The home of Mrs. J. Z. Krall was the scene of a stork shower recently honoring Mrs. Don Edmonds.

Hostesses, Mrs. Krall and Mrs. Albert Edmonds, presented the honoree with a carnation corsage.

The gift table was decorated with a centerpiece of pink carnations in a baby cup.

Refreshments of frosted punch, cup cakes and mints were served to Mrs. Ben Edmonds, Mrs. Pete Pugh, Mrs. Melvin Dörner, Mrs. Stewart Perkins, Mrs. Billy Jo Eanes, Mrs. Leona White, Mrs. C. N. Dodson, Mrs. Lewis Hollas, Mrs. Jimmy Lester, Miss Lois Randolph, Miss Mary Randolph and the honoree.

Mees Family Enjoy Trip

Mr. and Mrs. Eugene Mees and sons, Eugene and David, have returned from a three weeks vacation which included tours and sight seeing trips through Texas, New Mexico, Colorado, Utah and Southern Idaho.

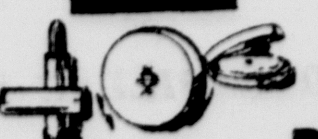

In Utah they visited with Mrs. Mees' family and friends. Colored slides and some black and white pictures were taken on the trip.

SAVING

YOUR SOIL

By Your Soil Conservationist

B. C. Hanks, SCS Area Engineer and Wayne Mann, Cameron Soil Conservationist, have completed a survey of the land that was leveled recently in Little River Bottom which was subjected to the spring overflows.

When the overflows came, land was being leveled from the Milam County line on the west to the Brazos on the east. SCS technicians were interested in finding out how this land was affected by the severe overflows, and how the farmers felt about the practice.

C. V. Griggs and N. H. Clark, Jr. had started leveling on their farms which are located near the west county line; they both reported less damage on the leveled land than on the other land. Both are leveling again, and are making plans to level their entire bottomland acres.

Joe Glaser and John Zajack, Buckholts, report that their leveled land was in the best condition, so they feel that it will pay to level whether they irrigate or not. Stories similar to the above were reported throughout the area.

The inspection report on each acre that was leveled was favorable, however, technicians emphasize the importance of considering all factors on a leveling job in overflow bottoms.

The land should be leveled as near as possible to its natural grade, because some overflows are sure to come. Obstructions such as levees, permanent water-ditches and etc. should be avoided. Whether the leveling is for surface drainage or irrigation, competent engineers should plan and lay out the complete job.

By cooperating with your local Soil Conservation District, technicians and engineers of the SCS are available to help plan layout and check the land leveling operation on your farm.

Ag Economist Says Farm Prices To Hold

COLLEGE STATION — Most phases of agriculture seem to be holding their own as far as prices are concerned and probably will continue to do so—with the usual seasonal declines—for the remainder of 1957.

Marketings of meat animals and grass cattle will be a little below the levels of last summer, according to John McHaney, extension economist. Hog slaughter will likely continue below the 1956 rate until later on in the year.

No price drop is in sight, except for the usual seasonal declines, and meat animal prices should maintain a modest margin over last year. Steady to stronger prices are in prospect for fed cattle during the next few months, says the economist.

Seasonal Declines Due
Prices of lower grades of cattle will decline seasonally. However, says the economist, they will be supported by a strong demand for feed lot replacements and prices should remain at a higher level than last year.

Hog prices will probably continue above a year earlier during the rest of the summer and early fall. However, there is a slight possibility that prices at the end

of the year may be a little below the prices of late last year.

Lamb prices this fall may average as high or possibly a little higher than last year, points out McHaney. Egg prices should also begin to increase. By late summer, prices are likely to be above a year earlier.

971-Million Bushel Crop
Indications point to a wheat crop of about 971 million bushels in 1957—only 3 percent below last year. Stocks of cotton owned by the Commodity Credit Corporation or held as collateral are the smallest since October 1953.

The average weekly rate of mill use of apparel wool in the U. S. showed a drop in April—the sixth successive month to show a drop from last year.

The national average support price for 1957 is 60 cents per bushel for oats, 94 cents per bushel for barley and \$1.83 per 100 pounds for sorghum grain.

If feed crop prospects continue favorable, feed grain prices will probably average somewhat lower the rest of 1957 than for the same period in 1956, adds McHaney.

Maize Harvest Slims Auction Transactions In Sale Thursday

Maize harvesting kept farmers in the fields this week, holding down consignments to 366 at the Cameron Auction, officials reported.

A total of 124 sellers sold the 366 cattle and 48 hogs to buyers in Thursday's auction.

Bidding was active and prices full steady to stronger on most classes of livestock compared to the previous week's sale, auction officials said.

Good stocker steers and quality cows and calves sold at generally better prices last Thursday.

Thursday prices were:

BUTCHER CALVES: \$20.00 \$23.50

BUTCHER YEARLINGS: 18.00 21.50

FAT COWS: 12.00 14.40

CANNER & CUTTER COWS: 8.00 12.00

STOCKER STEERS: 17.00 22.00

STOCKER HEIFERS: 15.00 17.00

STOCKER STEER CALVES: 16.00 21.00

Cadillac

Keeping Current... For Economy!

In the illustration above, you see a very happy man at a very wonderful moment.

The title, the keys and the car are his—and he's starting out on his first journey at the wheel.

Of course, there's not much doubt as to why he decided to purchase a new Cadillac.

Like everyone else who selects the "car of cars", he did it to "keep current", so to speak, on all of Cadillac's new miracles of performance and beauty and comfort.

But coming to Cadillac, as he did, at this particular time of the year, we also suspect that he was inspired by the added motive of practicality.

For in addition to the normal Cadillac economies of modest purchase price, low operating cost and

high resale value—Cadillac dealers are, at this time, seasonally prepared to make Cadillac ownership even more attractive than ever.

Because of the demand for used cars and because of increased production of the Cadillac car itself, the odds are that this gentleman received both a generous allowance on his previous car and prompt delivery of his new Cadillac.

Have you considered how wonderful it would be to step into a Cadillac of your own? Then, you should pay your dealer a visit—spend an hour on the highway in the luxury of Fleetwood coachcrafting—and get the facts for yourself.

You'll agree, we know, that the car is Cadillac—and the time is now!

Building Continues

Cameron can look around these days and see signs of building progress proposed or real that spell out growth in the Milam County seat.

The Herald's Page 1 has carried pictures of the new Wilson Elevator, a new 16-inch waterline from Little River and dismantling of the old Church of Christ prior to building a new one.

Other marks of growth too are noted on Fourth St. Passers-by see two gasoline stations going in and a frozen custard type business in final stages of construction.

Foundation work began last week at both sites of the federal housing project which will house 50 families when completed.

Noticeable too is the removal of two old houses on South Travis.

A hint of still more building progress is final call for bids for the city filtration plant which, when completed, will mean a state-approved system for Cameron. And the city plans to budget funds for curb and gutter in the proposed widening project on US 77 through Cameron.

Renovation work goes on at the Cameron Post Office and Yoe High School, recently reported in The Herald.

Then there is the SH 36 project in swing from east of Cameron to Milano.

Add to these projects, a number of new homes in various stages of construction here and we have solid growth all 'round.

THE LITTLE RIVER PHILOSOPHER

Why Not Spend More Than

You Make, Sage Muses

By J. A.

The Little River Philosopher thinks he has sighted an alarming trend. But what probably ought to alarm him is the state of his farm, not the state of the country.

Dear editor:

A newspaper fell out of an airplane over my farm out here yesterday, one of neighbors thought it was a hydrogen bomb and ran for cover but I new better, anybody smart enough to make a hydrogen bomb would have too much sense to waste one on a farm like mine — from the air I imagine my farm looks like a place some bomb-dropper has already beaten the other fellow to — and I sat where I was and watched it float down, marked the place in my mind where it fell and after I got through resting I walked over and picked it up and since one place is about as good as another to sit back down in I sat back down right there and read it. If I'd been thinking I wouldn't even have reached down to pick it up, but would have sat down beside it and saved the effort, but a man can't think all the time.

Wasn't much in it except for one article that struck me right between the eyes and sounded worse than a hydrogen bomb in its after-effects.

According to it, a man was being tried in Federal court for income tax evasion and the prosecuting attorney was trying to prove he didn't report all his income one year because his records showed he spent more than he claimed he took in.

The prosecuting attorney said this was clear evidence he hadn't reported all his income.

I don't know whether you realize it or not, but such a line of argument is a threat to the entire installment-buying economy of the United States and will destroy the peace of mind of three-fourths of the people.

If the government is going to take the attitude that anybody who spends more in one year than he makes is obviously knocking down on his income tax, there's going to be the biggest shortage of defense lawyers in the history of the universe. Cameron won't have a tenth enough lawyers to go around.

If the government is so far out of touch with reality it thinks it

Mr. and Mrs. C. E. Russell were Sunday afternoon visitors in the home of Mr. and Mrs. N. W. Gandy in Rogers.

can make a case against everybody who finishes up a year spending more than he made, practically everybody might as well turn himself in and plead for mercy.

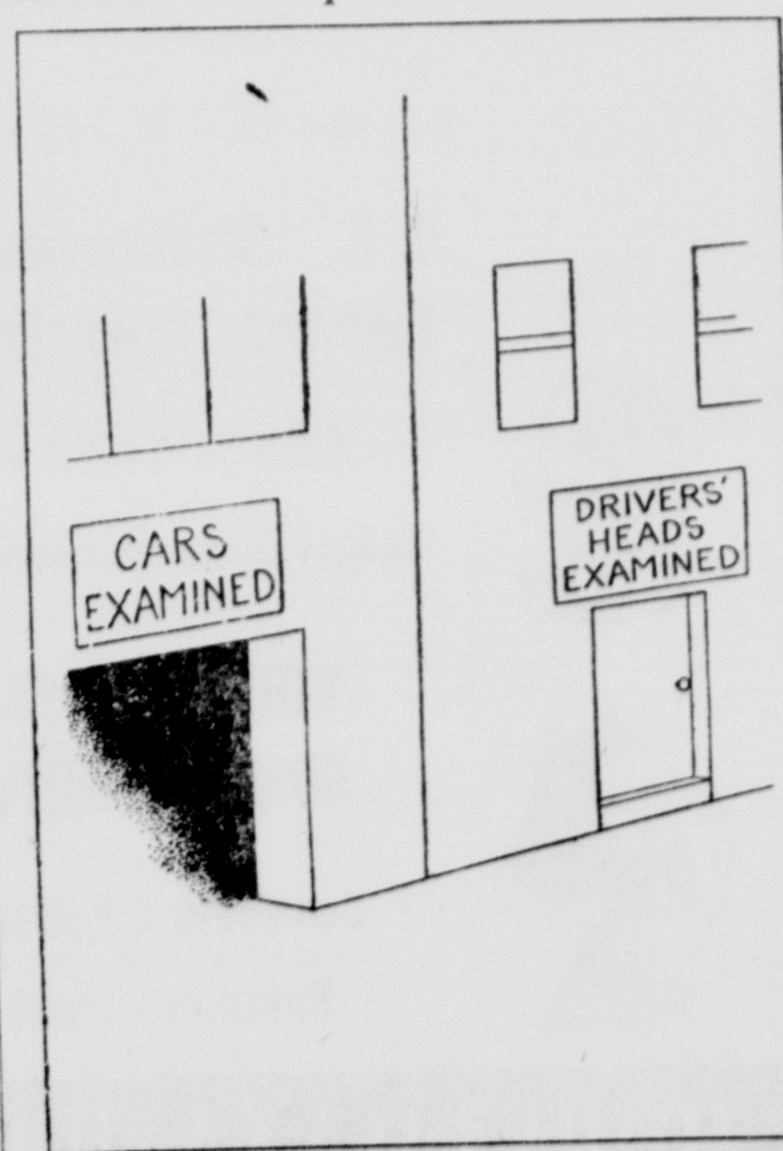

And come to think of it, two years out of three, the Federal government itself spends more than it takes in, and who we gonna get to try it?

I'm not in favor of cheating on your income tax, but if Washington figures anybody who spends more than he makes is guilty of it, all I've got to say is sidetrack the Federal road-building program, call off foreign aid and halt all the defense spending, put all the funds in one pot and start building jails.

I think there ought to be a law against spending more than you make, but take this up with your family and see how far you get.

Yours faithfully,
J. A.

Capitol Report

Legislators Not Eager For Fall Session

By Vern Sanford
Texas Press Association

AUSTIN — House members are rather short on enthusiasm for a special session of the Legislature, says Speaker Waggoner Carr.

In a poll of the House, Carr received 101 answers from 149 members. Seventy said they didn't feel a special session necessary. Seventeen said they thought it was necessary; and 12 said they were willing to leave it up to the governor.

In announcing the poll results, Carr emphasized that he's all for lobby control and water conservation, the two measures Gov. Price Daniel has said he wants passed. House members, Carr reminded, approved both lobby and water bills last session.

But, said Carr, he still isn't convinced the state can afford the extra session without new taxes.

In reply, Governor Daniel repeated a previous statement that \$903,312 is on hand for legislative expenses, or more than twice what a short session would cost.

NEW LAND TROUBLES
Who, if anyone, should pay the back taxes on land bought under the Veterans Land program, then forfeited by the purchases?

State and local officials are in disagreement. Lack of specific legislation on this subject has resulted in two lawsuits.

In the early days of the land program a lot of veterans apparently bought land at more than it really was worth. When the drought came and things got tough, many fell behind on taxes and payments, finally had to give up and let the land go back to the ex-Veterans Land Board. In time the board re-sold such tracts to other veterans.

Local taxing units, such as the Bexar-Atascosa-Medina Water District, say somebody has to pay the piper. It demands payment of the back taxes unpaid by the first purchaser and of the taxes that accumulated during the period when the land was forfeited to the state. Without this money, say district officials, they'll have a hard time paying off their bonds.

Viewpoint of the state, however, is that taxes ceased when the land returned to the board and that the resale was free of tax debt.

CARD OF THANKS

We take this means of expressing our sincere appreciation to our neighbors and friends for their many expressions of sympathy extended during the illness and at the death of our loved one. To those who sent flowers, food, messages of condolence, or helped us in any way, we are deeply grateful. May God bless each of you is our prayer.

Away from it all

Would you like to be able to go to a retreat like this when you are worried—a place where you could be alone with your thoughts—a place where you could untangle your problems?

If you would, then you are like most people. Everyone needs a retreat, at moments. And everyone has one! It isn't a mountain cabin or a seaside cottage—but it is a place far better suited to prayer and contemplation, a place to sort out old errors and make new resolutions. It is your church.

Let your church be your sanctuary. Go to it when you are troubled. You will find within its walls your moment of peace, and you will walk out into the street again far better able to make the most of your life.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Alcoa Fish Rodeo Starts Saturday

Alcoa 2-36 ita inside page 10 ... Something new in fishing contests — a Family Fish Rodeo — opens Saturday on Alcoa Lake, with competition the first week for employees of Alcoa's Rockdale Works.

Champion fishermen and their families from throughout Texas are expected to compete for the more than \$200 in prizes when the Rodeo opens to all August 24. Top winners in the 17-day contest will also receive trophies.

A \$35 prize for the first seven pound bass to be caught from the Lake, may be picked up during the Rodeo. Since the first six pounder was hooked last February in the Lake, many bass weigh-

ing more than that have been brought in. The present record stands at 6 pounds, 12 ounces.

Grand prizes for the Rodeo will be awarded after the close of fishing on Labor Day. Weekly prizes will be awarded on both August 24 and August 30.

Lake concessionaire W. T. Whatley has stressed that the public is not restricted from fishing in the Lake during the first week of the contest, although competition will be limited to employees during that time.

Several rod and reel sets — one worth \$75 — will be awarded for top catches, along with various other prizes for participating families. Awards will be made to largest fish from the shore and from a boat, and for the biggest number of fish caught from shore and from a boat, and to individuals.

Whatley said a "family team" will be defined as either a father-son, mother-son, father-daughter, or mother-daughter combination.

The tournament will be conducted in three stages, with prizes offered for catches for the first and second weeks and for the Labor Day weekend.

Picnic areas will be available while the contest goes on.

Whatley said all Alcoa Lake safety regulations, set up with the fisherman in mind, would remain in effect. Fishing permits will serve as entry blanks. The permits, obtained at the Lake concession house, are free.

W. T. Hanes Renews School Contracts In Irving System

W. T. Hanes, former superintendent of schools in Cameron, has accepted a three-year extension on his contract as superintendent of the Irving, Texas, school system, according to a news story in the Irving News Record.

The story said that Hanes has two more years to run on his first contract with the school system there.

The Irving weekly reported that his salary will be \$5,000 per year plus \$1,000 a year for expenses. Hanes left Cameron in 1956 to take the post.

He replaced Dr. John L. Beard, former Irving school superintendent, who was the center of a school board controversy in Irving that drew headlines for months in the Dallas daily papers.

In accepting his new contract, Hanes posed in a written statement to the Irving School Board his aspirations for improving the Irving system.

Another article from the Irving paper quoted Hanes' objectives in boosting the lagging school morale in the Irving system.

Sharp Clips Exes 8-2 In Sunday Game

The Sharp baseball nine clipped the Cameron Exes Sunday by an 8-2 count as both clubs garnered six hits apiece during the afternoon.

The Exes will take to the field again this week when they will face Rockdale 2 p.m. Sunday at Lawless Green.

In the Sunday game Eddie Gerren took the loss for the Exes while the winning pitcher was Roy Gillam.

CARD OF THANKS

We wish to thank the good people of Ben Arnold for being so kind in sending the nice food to our house at the death of our brother, and uncle, Jessie Bell.

Mr. and Mrs. Louis Murff and children.

William Hill Takes Training At USAF Base

William C. Hill, son of Mr. and Mrs. Henry Hill, Cameron, is participating in U. S. Air Force summer training at Laredo Air Force Base, Laredo, Texas.

Cadet Hill, who has already completed his junior year in advanced AFROTC at Texas A&M, is attending the four week en-

SEVEN YEAR-OLD Gary Gonzenbach gathers up part of the more than \$200 in prizes to be awarded during the first Alcoa Lake Family Fish Rodeo. The fish contest, which begins Saturday, lasts through Labor Day. Trophies will also be awarded.

Press-Radio Day Set September 30 At Waco Coliseum

Press-Radio-TV day, a big affair at the annual Heart O' Texas Fair in Waco, will be this year on Monday, September 30, announces President J. H. Kullgren. The visitors will be guests at the world's championship rodeo at 8

campment as an important phase of his preparation to be an Air Force officer.

While at the camp, he will observe Air Force activities in operation, visit nearby bases and act as a cadet officer, leading other men at the encampment.

A highlight of the training period will be a ride and a chance to take over the controls in one of the jet aircraft at Laredo Air Force Base.

Following graduation from Texas A&M, he will be eligible to appointment as a second lieutenant in the Air Force reserve.

p.m., starring Eddie Dean, in the Heart O' Texas Coliseum. They will see "Atoms for Peace", an elaborate exhibit arranged by the

Services Held Here

For Former Countian

Funeral services were held Monday here for William J. Bell, 68, who died August 8 at his Corona, N. Y., home.

The Rev. P. L. Caperton officiated at services at Marek-Burns Funeral Home. Interment followed in Little River Cemetery.

Bell was a former resident of Cameron, living in New York for the past 10 years. His remains were flown to Texas Sunday.

Surviving are his wife, Mrs. Agnes Bell, Corona, N. Y.; two sons, John Vernon Bell, Flushing, N. Y., and Eldridge Russell Bell, Elmont, N. Y.; four daughters, Mrs. Jessie Stapleton, Corpus Christi, Mrs. Rebecca Fikes, Houston, Mrs. Lillian Ora Provost, Woodside, N. Y., and Miss Cecilia Bell, Corona, N. Y.

Also surviving are two brothers, E. L. Bell and Hubert Bell, Velasco; six sisters, Mrs. Robert Murff, Texas City, Mrs. Lewis Murff, Freeport, Mrs. W. I. Canady, Galena Park, Mrs. Wade Fatheree, Ben Arnold, and Mrs. J. T. Howard, Texas City; 10 grandchildren and two great-grandchildren.

U. S. Atomic Energy Commission. The display is so large that two days are needed to unload and erect it.

The fair includes an antique auto show, Armed Forces display, programs on the outdoor stage, a free thrill act on the big Midway, a women's division and hundreds of head of livestock. Dates are Sept. 28 through Oct. 4.

Press-Radio-TV day last year attracted approximately 150. General Manager Othel M. Neely and Publicity Director Boyce House will greet the guests.

ADVERTISEMENT FOR BIDS

Sealed proposals will be received by the City of Cameron, Texas, in the City Hall until 2:00 P.M., August 29, 1957 for the construction of:

CONTRACT NO. IV - CONSTRUCTION OF 2 M.G.D. WATER FILTRATION PLANT

At the above time and place proposals will be publicly opened and read aloud. Any bids received after closing time will be returned unopened.

Plans and Specifications may be examined without charge in the office of the City Secretary, Wayne B. Wieser, and may be procured from Joe J. Rady & Co., Consulting Engineers, 511 Insurance Building, Fort Worth, Texas, upon a deposit of \$20.00 as a guarantee of the safe return of the plans and specifications. Deposits will be returned upon return of the plans and specifications as provided in the Special Conditions.

Attention is called to the requirement that there must be paid on this project not less than the general prevailing rates of wages which have been established by the Owner and specified in the contract documents.

A cashier's check, certified check or acceptable bidders bond, payable to the Owner, in an amount of not less than five percent (5 percent) of the largest possible total for the bid submitted, must accompany each bid. No bid may be withdrawn after the scheduled closing time for receipt of bids, for at least thirty days. The Owner reserves the right to reject any or all bids and to waive informalities.
